

Delia ARTivity

June 2020

Message from Visual Art Subject Panel Head

In the midst of training students to achieve their best in academic subjects such as Mathematics, languages, and science, one may question where Visual Arts Education stands. Learning arts is equally as essential to a child's development as it is with other subjects. Visual arts broadens one's horizon, fosters creativity and encourages individualism in expressing oneself. Arts not only requests Observation and Techniques, but also values Comment, and Appreciation; Art not only is about the pursuit of Beauty, but also is about the nurture of Spirituality.

Visual Art is a long-term education, which requires the immersion of time, and the edification of years. At Delia, we believe in striving to encourage our students to wave the ribbon of creativity, to dance out their own sky in this colourful world. From plain white drawing papers, to aluminium sheets; from oil pastels, to poster colours, we expect our students to experience the broad extent of Visual Arts, to feel the tension of the colours.

Art is a universal language that brings people together but at the same time can be very subjective. We put in efforts to assist our students in finding meaning in individual works of arts and learning to show appreciation. Through in-class activities and Arts Exhibition, students' work is shared, displayed and spoken about. Thoughts, ideas, and beliefs from different backgrounds are put into a piece of work. Such exposure works as a powerful learning tool in not only raising awareness about the message presented, but also leads students towards acceptance and admiration of one another.

We hope that through the Visual Art Education, the potential of a child can be developed, and the sentiment can be cultivated. Every photo in the Delia ARTivity is a marvellous imagination from a genuine, pure heart. Why don't we try to step into this park, to take a look at the charming scenery?

Ms. W.T. Chan
